

Hi there,

Sauceit Promotional Product Campaigns are creative, targeted and successful! Take a look at these examples of what we enjoy doing...

## METLINK

**The Brief:** Use a promotional product to educate commuters about our text, phone and web information services. Make it easy to have our numbers at hand.

**The Solution:** Metlink Branded eGrip – Information card with rubber grip for back of mobile phone with key contact numbers

**The Client:** "People need to have our number when they're out and about. We knew a pen wouldn't work and when Jacqui suggested the eGrip we knew we'd found what we needed".

## HUTT CITY

**The Brief:** A small giveaway to citizens to promote "Keep Hutt City Beautiful"

**The Solution:** Hutt City Plant Me Flower – Attractive flower made from colourful plantable paper containing seeds with branded backing card

**The Client:** This ongoing campaign has been running successfully for two years. Seeds have included Parsley, Basil, Wild Flower and the endangered Kaka-Beak. Feedback from one event "They were very popular and much appreciated".

## COOL NEW PRODUCTS

## THE COFFEE

The Rocket - the sexiest espresso machine in the world, sits in our Seatoun showroom!

We are trained Barristas!

Get in touch, and join us for a coffee or we can come to you!
